If you have any questions about merit badges or the merit badge schedule contact the Program Director, Aaron Bennett 419-549-0609 aaron.bennett@blackswampbsa.org

"Orange" indicates that this program takes more than a single session. Other than Baden Powell all of these session will take two time frames. *Baden Powell takes three. *This is two different shotgun session, please look at the times in the parenthesis so you dont go to the wrong class.

"Green" indicates that this area is closed during this time frame. Scouts are encouraged to speak to counselors about merit badges they need to finish or would like to begin during this time frame.

Blue indicates this time slot is reserved for Adventure camp Programming.

This program consists of four merit badges (Backpacking, Camping, Exploration, and Wilderness Survival) over the course of three time slots. Anyone is able to sign up for this course.

** This rifle session is air rifles. This session will still award scouts the rifle merit badge, just in a different way. If you have received the rifle merit badge do not sign up for this program. There will be times in the evening for other scouts to try the air rifles. Again this is the rifle merit badge, the only difference is the type of guns being used.
