

SHOW AND SELL - VENDORS

General

We have created the following guidelines using information published by the Center for Disease Control (CDC) and US Food & Drug Administration (FDA). We have established these protocols for any unit selling product at or near a retail establishment;

- Product will be distributed by unit for any specific sales period.
- If a purchase is being made at your store location; facemasks and social distancing must be used.
- Keep product in one place with minimal hands touching the cases.
- Stay a minimum of 6ft from entry, using pop-up tents for coverage. If scouts are allowed into the vestibule; they must be able to maintain 6' social distancing.

Process/Set-up

- One adult to check in with vendor.
- Use pictures/poster or ONE of each product for display. These same specific containers should be used for all shifts. Cover sample with clear plastic.
- Hand sanitizer available on site for volunteers and customers.
- **Product for wagon sale and show and sells (storefront) come from unit inventory, not 'kits' given to the scouts.**
- If scouts/adults get permission to use bathroom facilities; 20 second handwashing procedures with soap must be used.
- Frequent sanitizing of tables/chairs etc; at each shift change and as necessary throughout the shift.
- If a purchase is being made in your location; facemasks and social distancing must be used.
- One adult handles all cash exchanged wearing gloves and using hand sanitizer frequently.
- Usage of – PPE; hand sanitizer, face masks

Health

- Temperature checks taken by adult and reported to unit to be entered in log. ***Working on process.** Temperature should be taken for all unit/family members that will be onsite. sample below.
- If the answer to any question is yes – Scout or family member should relinquish their shift.

sample;

		Do you have any of the following symptoms? Answer yes or no to each question							
DATE	TEMPERATURE ON DATE SELLING	NAME	Fever of 100.4 degrees or more? (parents should measure temperatures of all members on site and provide verbal confirmation of lack of fever)	Cough (excluding chronic cough due to a known medical reason other than COVID-19)	Shortness of breath	Sore throat	Diarrhea (excluding diarrhea due to a known medical reason other than COVID-19)	Have you travelled outside of Michigan in the last 14 days, excluding commuting from a home location outside of Michigan?	Have you had any close contact in the last 14 days with someone with a diagnosis of COVID-19?
